| Title: | METHOD AND STRUCTURE FOR IDENTIFYING LEAD-FREE SOLDER | |
| Assignee: | Intel Corporation | Customer No.: 21186 |

## PETITION TO REVIVE APPLICATION UNDER 37 C.F.R. § 1.137(b)

MS Petitions
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Applicant respectfully requests the revival of the above-identified patent application under 37 CFR §1.137(b) as being unintentionally abandoned for failure to submit a Petition for a 3-month extension and the required extension fee in reply to the final Office action mailed July 17, 2003 by the six-month deadline of January 17, 2004.

Abandonment of this application was unintentional, and the entire delay in filing the reply from the due date for the reply until the filing of this Petition was unintentional.

Applicant acknowledges the telephone interview held on March 30, 2004 between the Examiner and the Applicant's attorney, Ann McCrackin, during which the status of the pending application was discussed, including the fact that the Applicant's current attorney did not receive the outstanding Final Office action prior to the expiration of the period for response. In order to advance the prosecution, the Examiner requested that the Applicant file a Response along with a Petition to Revive even though a formal Notice of Abandonment has not been issued.

*Conclusion*

The Examiner is invited to telephone applicant's attorney at (612) 371-2109 to facilitate prosecution of this application.

If necessary, please charge any additional fees or credit overpayment to Deposit Account No. 19-0743.

Respectfully submitted,

TOM E. PEARSON ET AL.

By their Representatives,

SCHWEGMAN, LUNDBERG, WOESSNER & KLUTH, P.A.
